

Welcome to the USS Acadia web site!

Sunday, 19 February 2006

This website is being created to help put together a reunion and to provide one place for Acadia members to get together. From my limited research, there are at least 6 websites that Acadia sailors have registered on and none of those sites make a mention of the other sites. The idea for this site came about when an email about putting together a reunion from Lenny (Arrington Leonard, a former BT) showed up in my mail box via Maria Guzman. I decided to do my part by putting together the web site to help coordinate it. On the subject of building a website, Here are some of the things we can use help with:

-

Pictures!

-

Graphic design-- make the site look professionally done

-

The Joomla CMS system. I think I have it covered (I'm learning it), but if you're already an ace, get in touch...

-

Ideas/wants for content

-

Authors for articles/columns

- Spreading the word about this site; tell everyone you know! My current ideas for the site:

-

An online gallery of all of the cruise books that will let you see every page at will.

-

Keep a collection of all known Acadia member registry sites.

-

Use polls to figure out when is the best time to hold a reunion.

- Have a member registry that is the master member registry of all of the registry sites.

If you have any ideas and/or want to be a part of this, click the "Contact Us" button and send Mike a message!
